

Onaway Area Ambulance Service

July 27, 2011

Webster called meeting to order at 6pm

All were present.

Schmeltzer made a motion to accept minutes and Berry supported. All ayes.

OB: New CPRs are here and they fit the larger thorax. The crew has met to practice using the machines. One will go in the Echo unit and one in each truck. The deer catcher for the Echo is being custom built and it will take three days to drive it down, have it installed, and drive it back.

NB: MHR called and nothing has been sent to them; so for six weeks the EOBs are not correct. We need a new biller. Eric Peters wife will try out. This is only an eight hour a week job. Schmeltzer made a motion to change billers and Schaedig seconded.

Policy and Procedure manual is not ready Dallas will work on it, put it on the computer, and make tywo hard copies.

Three crew members came to talk about the Crew Ambulance Fund. Schmeltzer suggested that a record of contributions is kept. A new EMT was hired.

Pardike made a motion to adjourn with Schmeltzer supporting.

Adjourned at 6:29pm
